

1. AFFIRMATION OF ORIGINALITY AND GRANT OF PUBLISHING RIGHTS FOR A MANUSCRIPT

The author(s) hereby affirm(s) that the manuscript entitled:

is original, that all statements asserted as facts are based on careful investigation and research for accuracy, that the manuscript does not, in whole or part, infringe any copyright or violate any right or privacy or other personal or property right whatsoever, that it has not prior to this date been published in total or in part and is not presently being submitted or considered for publication in total or in part elsewhere, and that the author(s) has/have full power and authority to execute and deliver this Affirmation and to make the grants herein contained.

By signing this form, each author acknowledges that he/she participated in the work in a substantive way and is prepared to take public responsibility for the work. If the above statement cannot be certified, justification for duplicate publication and permission to republish copyrighted material must be included with the covering letter. In consideration of the acceptance of the above work for publication, the undersigned does/do hereby grant and assign to Informa Healthcare USA, Inc. (the "Publisher"), the non-exclusive right to print, publish, reproduce and distribute the above-referenced work throughout the world in all means of expression by any method now known or hereafter developed, including any electronic format, and to market and sell such work or any portion thereof as it shall see fit. Without limiting the generality of the foregoing, this grant of publishing rights shall apply to inclusion of such work in *BioTechniques* and monographs of selected *BioTechniques* articles, as well as electronic copies provided as online full text or in other formats such as compact disk.

The author(s) shall retain the copyright in the above-referenced work, and this Affirmation and Grant of Publishing Rights shall not be construed as an assignment thereof to the Publisher.

All authors must sign. (Please copy this form if more space is needed.)

Separate copies of this Affirmation and Grant of Publishing Rights may be submitted by authors located at different institutions; however, all signatures must be original and all must be received before publication.

**2. AFFIRMATION OF ORIGINALITY AND GRANT OF PUBLISHING RIGHTS BY
AGENT OF THE AUTHORS' EMPLOYER**

On behalf of the employer and the author(s) I hereby affirm that the manuscript entitled:

is original, that all statements asserted as facts are based on careful investigation and research for accuracy, that the manuscript does not, in whole or part, infringe any copyright or violate any right or privacy or other personal or property right whatsoever, that it has not been published in total or in part and is not being submitted or considered for publication in total or in part elsewhere, and I have full power and authority to enter into this copyright assignment and to make the grants herein contained.

In signing this form, I certify that each author has participated in the work in a substantive way and is prepared to take public responsibility for the work. If the above statement cannot be certified, justification for duplicate publication and permission to republish copyrighted material must be included with the covering letter. In consideration of the acceptance of the above work for publication, the undersigned does/do hereby grant and assign to Informa Healthcare USA, Inc. (the "Publisher"), the non-exclusive right to print, publish, reproduce and distribute the above-referenced work throughout the world in all means of expression by any method now known or hereafter developed, including any electronic format, and to market and sell such work or any portion thereof as it shall see fit. Without limiting the generality of the foregoing, this grant of publishing rights shall apply to inclusion of such work in *BioTechniques* and monographs of selected *BioTechniques* articles, as well as electronic copies provided as online full text or in other formats such as compact disk.

The above work was written as part of the duties of our employee(s) or specially commissioned by the employer as a work-made-for-hire. As an authorized agent of the employer, I hereby execute this copyright assignment on behalf of the employer.

The employer and/or the author(s) shall retain the copyright in the above-referenced work, and this Affirmation and Grant of Publishing Rights shall not be construed as an assignment thereof to the Publisher.
